VISITING YOUR CHILD AT SUNSHINE

Parents and legal guardians have 24-hour access to visit their child. Visiting is always encouraged, welcomed and supported. For your child’s protection and security, all visitors **MUST sign in and out** at the reception desk and receive a visitation sticker to be worn at all times. Visitors should be free of any potential infections when visiting. Only visitors approved by the family/legal representative are allowed to visit. Adults only (a maximum of two persons) are allowed to visit in the child’s bedroom. All others are to visit in a common area. Children visitors are not allowed to visit in the child’s bedroom. Visits should take place in the identified common areas. Visitors under 12 years of age must be supervised by an adult at all times. Children who are attending school should be visited during non-school hours. Visits should not occur in any classroom. However, a parent can make a request for early dismissal to allow for a family visit.

Accommodations for overnight visits can be arranged with your child’s social worker in advance to reserve the Family Resource Room.

If your child is on a restricted diet, please speak with our Dietitian prior to bringing food. Foods brought from outside must be labeled with your child’s name, dated and stored in the Nutritional Services Department.

Parking for visitors is clearly identified to more easily accommodate family members. If transportation is needed, your child’s social worker can offer assistance in making arrangements.

During the Respiratory Virus Season, visiting restrictions are implemented for the well-being of our children. Your child’s social worker will provide more information as the season approaches.
